**Attachments:** Hearing Letter.pdf; Notice of Public Hearing - Publication Version.pdf

Attorney Farber,

The Connecticut Insurance Department ("Department") has completed our review of the Amended and Restated Form A Statement filed by CVS Health Corporation on August 13, 2018. The Department requests the following additional items.

- A new signature page for the Amended and Restated Form A Statement;
- An updated Company (Aetna) Disclosure Schedule that includes information in section 4.17 (Compliance with Laws) 5; and
- Third-Party verifications (redacted and unredacted) for Derica Rice and Kevin Hourican.

Although the above is requested and will remain outstanding until received, the Department considers the Application complete and will proceed with the Form A public hearing process.

Attached herewith please find a Hearing Letter which sets forth the place and date of the hearing (September 12, 2018) and the responsibilities of the Applicant with this regard. I have also attached a Notice of Public Hearing which sets forth the language to be published in the Hartford Courant.

At your next earliest convenience, please confirm that you consent to receiving all pleadings and other communications related to this hearing by email.

Please contact me should you have any questions.

**Jared T. Kosky**
